Mission Statement, Core Values and Philosophy

University of Connecticut Mission Statement

The University of Connecticut is dedicated to excellence demonstrated through national and international recognition. Through freedom of academic inquiry and expression, we create and disseminate knowledge by means of scholarly and creative achievements, graduate and professional education, and outreach.

With our focus on teaching and learning, the University helps every student grow intellectually and become a contributing member of the state, national, and world communities. Through research, teaching, service, and outreach, we embrace diversity and cultivate leadership, integrity, and engaged citizenship in our students, faculty, staff, and alumni. As our state’s flagship public University, and as a land and sea grant institution, we promote the health and well-being of citizens by enhancing the social, economic, cultural, and natural environments of the state and beyond.

Core Values

In the spirit of our heritage as a land and sea grant institution, we remain committed to understanding and solving the most significant societal problems. With six campuses and several professional schools across the state, we approach our mission with a commitment to excellence, ethical action, and inclusiveness for which the four interdependent core values define our mission:

Innovation

The University of Connecticut is dedicated to discovery and communication of breakthrough and foundational ideas; to translation and collaboration across disciplines and communities; and to positive transformation through research, scholarship, and creative works.

Leadership

UConn’s students will become well-educated leaders and global citizens who excel in addressing the challenges of the 21st century; in them, we will cultivate critical thinking, creativity, and joy in lifelong learning. We will serve the state, the nation, and the world through our research, teaching, and outreach.

Global Engagement

Through outreach, research, and partnerships, we promote sustainable development and a happy, healthy, and inclusive society. This engagement is local and global, based on intercultural understanding and recognition of the transnational nature of the challenges and opportunities we face.

Diversity

In our culturally and intellectually diverse community, we appreciate differences in one another as well as similarities, and aspire to be an increasingly inclusive educational institution that attracts, retains, and values talented people from all backgrounds. We believe in diversity in intellectual approach and outlook. We embrace diversity not as a keyword for token inclusion of the underrepresented, but as a commitment to fostering a welcoming environment in which all individuals can achieve their fullest potential and in which open and respectful communication is facilitated.
University of Connecticut Avery Point Athletic Department

It is the objective of the Athletic Department to provide student-athletes opportunities to participate in an intercollegiate athletics program of the highest quality, resulting in an experience that becomes an integral and valued component of their total educational experience at the University. In addition, it is also the goal of the department to provide an atmosphere for overall well-being through a variety of recreational and fitness opportunities, both through our Waterfront Program, and through programming in coordination with our available gymnasium, pool and weight training/fitness facilities.

To achieve this objective, the Athletic Department will incorporate the following:

- Develop and maintain a highly competitive and sound athletic program reaching a standard of achievement in athletics consistent with our purposes as a University.
- Employ coaches and staff members who exhibit high standards of integrity and ethical behavior, including sportsmanship and a desire to assist student-athletes to reach their academic potential. All employees of the Department must maintain these high standards and strive to learn and follow in good faith all of the rules of the athletic associations with which the University is affiliated.
- Recruit student-athletes who are capable of success in the University’s academic program, and provide academic support and student development opportunities that will effectively assist student-athletes to reach their potential.
- Provide equitable opportunities for men and women by developing and sustaining programs that help student-athletes achieve their maximum potential, both athletically and academically.
- Operate the Department’s athletics program in a manner that does not detract from the student-athletes’ educational opportunities. The University expects its student-athletes to maintain academic, as well as other University standards, while seeking a degree. The Department assumes an active role in assisting student-athletes to achieve this goal.
- Promote character development in our student-athletes, including leadership qualities, sportsmanship, teamwork and academic excellence. As a representative of the Department and the University, each student-athlete is responsible for his/her actions both within and outside of the athletic arena.
- Train student-athletes in legitimate methods of good sportsmanship, competition and the will to win, and thereby contribute to the development of institutional morale, loyalty and school spirit.
- Maintain fiscal and operational integrity by balancing budgets and carrying out sound management practices.
- Maintain necessary facilities and medical personnel who enhance the physical fitness and skill of the student-athletes, and promote the recovery of those who are ill or injured.
- Supply wholesome recreational activity and entertainment for the participants, the student body and the public.
- Contribute to the enhancement of institutional morale and spirit among students, faculty and staff; at the same time, providing alumni and friends identification with the University for mutually beneficial purposes.
- Comply carefully with institutional, conference, and NJCAA regulations.

The policies, procedures and practices necessary to perform these objectives follow and constitute the body of this Manual.

Study Hall hours will be tracked weekly by the Athletic Director and head coaches. Student-athletes must swipe in AND out at one of the two sites on campus in order to fulfill weekly hourly requirements. You must personally sign in /out – no one else can do it for you.

The study hall week runs from Monday-Friday. Students that are not productively studying (sleeping, being disruptive....) will be asked to leave and will not receive credit. Students that are caught cheating the system will lose privileges and will be required to do all hours in the Athletic Director’s Office. **Students that do not sign out will not receive credit.**

During the 2020-21 academic year, the Athletic Director and other department members will make periodic checks for attendance on a weekly basis, with notes recorded for applicable attendees. If it is determined that a student-athlete was not present to complete study hall during a time that indicates their presence, all such time will be nullified and an immediate meeting will be held with that student-athlete, the head coach and the Athletic Director.

The projected hours for the 2020-21 academic year are as follows:
- Academic Center (Room 107) Monday-Thursday - 9 a.m.- 6 p.m.
- Library Monday-Thursday - 8:30 a.m. - 6 p.m., Friday - 8:30-4 p.m.

Students will receive DOUBLE credit for meeting with Academic Center tutors. **Students must identify themselves as student-athletes to receive credit and that tutor should email the Athletic Director at the conclusion of the session.**

In addition, any student-athlete with a cumulative GPA of 2.3 or lower will be required to have a meeting with the Athletic Director and their Academic Advisor to develop a plan for the upcoming semester. In addition, any such student-athlete will spend at least a half-hour per week with an academic support staff member to review or to learn appropriate skills and strategies for success. This time will count towards the weekly Study Hall requirement.

Academic progress for all student-athletes will be evaluated at the midpoint of each semester. Based on those reports, individual meetings with the Athletic Director and the Academic Advising staff may take place in order to coordinate an academic success plan.

**Departmental Penalties**

1st Offense – Warning letter emailed to student and coach.

2nd Offense – Meeting with Athletic Director, Academic Advisor, student-athlete and head coach.

3rd and subsequent Offenses – Automatic one-game suspension (next scheduled competition).

Penalties are cumulative for the semester.

Selected practices may also be covered by members of the athletic training staff.

In the event of injury or illness, the student-athlete needs to be initially evaluated by an athletic trainer. If clinically appropriate, the athletic trainer decide the best course of treatment and/or referrals for the athlete’s injury or illness. The athletic trainer will maintain professional communication with the coaching staff as to the student-athlete’s limitations in training sessions.

No supplies can be removed from ATR without the consent of athletic training staff. In addition, if a student-athlete is given a brace/supply to use during recovery, they will be required to sign out the equipment/supply. If it is not returned or is recklessly damaged, the student-athlete is required to replace it at full cost provided by our medical supply company.
Athletic Training Room Rules
• It is expected that student athletes will be respectful of other student-athletes that are utilizing the same space.
• The athletic training room is a “safe place” where all student-athletes are able to come in free from judgment.
• It is expected that student-athletes will clean up after themselves and respect the machines and equipment that they utilize.
• It is expected that student-athlete’s wear appropriate clothing for rehabilitation and evaluations.

Try-Outs
Any person wanting to try-out/walk-on to any sports team will require:

• A current physical (no more than 13 months old) from a physician or APRN stating that they are in good physical health and able to participate in sports
• Copy of insurance card

If the coaching staff determines that they want to keep the try-out athlete on their roster, the athlete will then need to have a valid physical that covers the duration of the upcoming season by the end of the tryout period.

A tryout must take place only on the Avery Point campus or at a site at which UConn Avery Point has been approved to conduct its practices or competition as its “Home Venue”.

Tryouts/Auditions
1. Auditions may not exceed two (2) hours per individual.
2. A college may conduct a maximum of two (2) auditions per sport per academic year.
3. A college may conduct a maximum of one (1) audition per prospective student-athlete per year

Participation will not be permitted past the duration of the initial tryout until the updated physical is completed. From there, the student-athlete will have the same requirements as an incoming freshman student-athlete.

Clearance after Injury or Illness
Once a student-athlete has completed their rehabilitation after injury or illness, they will be cleared by the athletic trainer and/or a physician.

Undisputed Authority
The UConn Administration supports the athletic training staff in their unchallengeable, autonomous authority to determine medical management and return-to-play decisions related to student-athletes.

Confidentiality
The athletic training staff will maintain HIPAA and FERPA compliance. Both are acts protecting the privacy of the student-athletes that we serve. We encourage our student-athletes to let us share all information with coaches regarding the student-athlete’s ability to train with their team. In the event a student-athlete does not want information to be shared, and/or it has no pertinence to their ability to train, the medical staff is legally bound to not share that information.
Clearance after Injury or Illness

Financial Coverage of Medical Care
If a student-athlete is injured while participating in an athletic related activity at UConn Avery Point, all medical costs associated with that injury will be billed to the primary insurance of the student-athlete. Any questions regarding medical billing can be sent to the Athletic Director.

Referrals
Except in emergencies, a staff athletic trainer should screen all conditions prior to referral. If a student-athlete requires further evaluation by a specialist, a referral will be made by an athletic trainer, as they see fit, for the well-being, and type of injury to the student-athlete.

Eye Examinations and Supplies
If a student-athlete feels that they are in need of corrective lenses, or needs a follow-up with ongoing corrective lenses, they should contact their athletic trainer in regards to seeing an optometrist.

Medical Hardship/Medical Redshirt
A medical hardship is a type of waiver that the athletic training staff may have to assist in filing for a student-athlete. This waiver is subject to specific NJCAA rules and has to be submitted to the National Office for review and subsequent approval or denial. If a student-athlete meets the criteria of a specific waiver, the athletic training staff and the Athletic Director will assist in filing the proper documentation.

NJCAA Rules and Regulations - Interpretations & Reporting Violations

In order to participate in intercollegiate sports, you must maintain your eligibility status. This includes adherence to all NJCAA and Region XXI rules and regulations. Any disregard of the rules is not condoned by the athletic department or the University.

If you have any questions regarding UConn or NJCAA rules and policies, or you have information about a potential NJCAA rules violation, please contact the Athletic Director at 860-405-9184.

Eligibility

The following sections on eligibility requirements are intended to reinforce the rules and requirements related to eligibility. These references are not intended to be all inclusive. Student-athletes must also adhere to all regulations of the Office of Community Standards which can be found at [http://community.uconn.edu/the-student-code-preamble/](http://community.uconn.edu/the-student-code-preamble/).

Your eligibility to participate in athletics is based on your academic performance as well as upon your adherence to a variety of university and NJCAA regulations.

A student-athlete at UConn Avery Point must go through the annual certification process in order to participate in an organized practice session or competition with your team. This process includes the completion of required NJCAA, Conference and UConn forms in addition to a NJCAA Squad Meeting with the Athletic Director. A review of your academic status also occurs as it relates to NJCAA, Conference and UConn requirements. Once your eligibility status is confirmed for a term, you must remain academically and athletically eligible in order to continue to participate in your sport. A review of your academics will occur prior to the start of the fall and spring terms.

General Academic Eligibility

The Office of the Registrar, in conjunction with the Athletic Director, is responsible for certifying that you have met the NJCAA eligibility requirements. Your eligibility to participate in intercollegiate athletics is determined by reviewing your admissions records and your academic performance at UConn Avery Point.

The procedure for obtaining and maintaining academic eligibility is described below.

To maintain your eligibility you must:
- Meet entrance eligibility requirements, enrollment requirements, and accumulation requirements, or meet qualifications for limited exceptions.
- Student-athletes must be making satisfactory progress within an approved college program or course as listed in the college catalog.

DROPPING BELOW 12 CREDITS MAKES YOU INELIGIBLE, AND THE TEAM WILL BE SUBJECT TO FORFEITURE OF ATHLETIC CONTESTS IF AN INELIGIBLE STUDENT-ATHLETE PARTICIPATES IN ANY FOLLOWING GAMES.

It is recommended that all Avery Point student-athletes be registered for 15 credits per semester in an effort to maintain progress towards degree and completion of that degree in four years.

Campus Change - Storrs
Many of our student-athletes go through a campus change to Storrs. Certain declared majors allow for a campus change to Storrs after 24 credits, but most Avery Point student-athletes who continue to Storrs achieve completion of 54 credits.

Campus change notification is sent out to Avery Point students in January each year, with a February meeting to take place on campus about this topic. The Athletic Director will communicate with all eligible student-athletes the appropriate deadlines for the 2020-21 academic year when they are made available from the Director of Student Services.
In addition, students who campus change and request housing for the following academic year, must complete the appropriate paperwork by the posted deadlines.

If you have any questions regarding campus change, please feel free to contact the Athletic Director.
Compliance and Eligibility

NCAA Eligibility Requirements
Student-athletes at UConn Avery Point who do not campus change to Storrs to complete their undergraduate degree may transfer to other academic institutions to utilize their remainder of their athletic eligibility and to finish an undergraduate degree.

Please know that there are differences between NJCAA and NCAA eligibility requirements. For NCAA purposes, UConn Avery Point is considered a 2-year institution that operates under the auspices of the NJCAA. In addition, certain courses taken at UConn Avery Point may not be applicable for transfer credit at the new institution.

For any student-athletes that may have interest in transferring to a NCAA institution, the first step is to register with the NCAA Eligibility Center: https://web3.ncaa.org/ecwr3/

Social Media Policy

Playing and competing for the University of Connecticut Avery Point is a privilege. Student-athletes at UConn Avery Point are held in the highest regard and are seen as role models in the community. As leaders you have the responsibility to portray your team, your University and yourselves in a positive manner at all times. Sometimes this means doing things that are an inconvenience to you, but benefit the whole team.

Snapchat, Facebook, Twitter, Instagram and other social media sites have increased in popularity globally, and are used by the majority of student-athletes here at UConn Avery Point in one form or another.

Student-athletes should be aware that third parties - including the media, faculty, future employers, NJCAA and NCAA officials - could easily access your profiles and view all personal information. This includes all pictures, videos, comments and posters. Inappropriate material found by third parties affects the perception of the student-athlete, the athletic department and the University. This can also be detrimental to a student-athlete’s future employment options.

Examples of inappropriate and offensive behaviors concerning participation in online communities may include depictions or presentations of the following:

- Photos, videos, comments or posters showing the personal use of alcohol, drugs and tobacco (e.g., no holding cups, cans, shot glasses, etc.)
- Photos, videos, and comments that are of a sexual nature. This includes links to websites of a pornographic nature and other inappropriate material.
- Pictures, videos, comments or posters that condone drug-related activity. This includes but is not limited to images that portray the personal use of marijuana and drug paraphernalia.
- Content online that is unsportsmanlike, derogatory, demeaning or threatening toward any other individual or entity (examples: derogatory comments regarding another institution; taunting comments aimed at a student-athlete, coach or team at another institution and derogatory comments against race and/or gender). No posts should depict or encourage unacceptable, violent or illegal activities (examples: hazing, sexual harassment/assault, gambling, discrimination, fighting, vandalism, academic dishonesty, underage drinking, illegal drug use).
- Content online that would constitute a violation of University or NJCAA rules.
- Information that is sensitive or personal in nature or is proprietary to the UConn Avery Point Athletic Department or the university, which is not public information (examples: tentative or future team schedules, student-athlete injuries and eligibility status, travel plans/itineraries or information).

If a student-athlete’s profile and its contents are found to be inappropriate in accordance with the above behaviors, he/she will be subject to the following penalties:

1. Written warning
2. A meeting with Athletic Director and Head Coach
3. Penalties as determined by the athletic department, including but not limited to possible suspension from his/her athletic team.

For your own safety, please keep the following recommendations in mind as you participate in social media websites:

- Set your security settings so that only your friends can view your profile.
- You should not post your email, home address, local address, telephone number(s), or other personal information as it could lead to unwanted attention, stalking, identity theft, etc.
- Be aware of who you add as a friend to your site – many people are looking to take advantage of student-athletes or to seek connection with student-athletes.
- Consider how the above behaviors can be reflected in all social media applications.
If you are ever in doubt of the appropriateness of your online public material, consider whether it upholds and positively reflects your own values and ethics as well as the Athletic Department and the University’s. Remember, always present a positive image and don’t do anything to embarrass yourself, the team, your family or the University.

**Team Travel**

Your Head Coach will review the standards for team conduct which you should observe when you travel with your team. Specific requirements for dress, individual conduct, curfews and free time activities will be discussed.

There may be unique occasions when you are not able to travel to and from an athletic event with your team. In that case, you must discuss your plans with your coach well in advance of the event. If these alternate arrangements are approved by your coach, you must complete a release form through the Athletic Director’s Office. This form must be signed by the AD, coach, and student-athlete.

For selected team trips, a debit card will be issued to student-athletes for the purposes of providing per diem for meals. These cards must be returned to the head coach at the conclusion of the trip.

**Penalties**

In cases of individual violators, appropriate disciplinary action may be imposed as outlined in the Responsibilities of Community Life: The Student Code. In cases where organizations have authorized such conduct, loss of privileges, temporary suspension of registration, or rescission or termination of registration may be imposed. Such penalties shall be in addition to any penalties pursuant to the penal law (Public Act Number 88-328) which violator or organization may be subject.
